

ALBERT BEEKS SLAYS WIFE, THEN KILLS SELF

Left Letter Telling of the Domestic Friction Which Resulted in Murder and Suicide— Wife Had Threatened to Leave, Husband Tells Cousin.

"LOVED HER BETTER THAN OWN LIFE, SO WILL END BOTH LIVES"

"Lived Together Happily Until Others Came Between," Dead Man Writes—Came Here Last November from Shenandoah and Were Married.

Maryville, Mo., March 10, 1915.
To the Maryville Tribune and to the People:

I met and married a girl by the name of Mandy Vance. I married her because I loved her, and I still love her better than my life. That is the reason why I will kill her and then kill myself. We got along happily together until . . . I will end my life trouble with a bullet. I hope God will forgive my little wife. For myself, I guess I am lost. I have a brother living at Ridgeway, Mo. My wife's folks live at Shenandoah, Ia. Their name is Spurlock—Clarence Spurlock. My name is Albert G. Beeks. Good-bye friends.

A series of domestic troubles, in which infidelity of the wife appears to have played the leading part, ended at 11 o'clock last night, when Albert G. Beeks, 46 years old, shot his wife, 23 years old, to death, then killed himself in their one-room apartment on the second floor of the Cox building, No. 115½ East Fourth street. The shots were heard by two families which have apartments adjoining, but neither notified either city or county authorities until 6 o'clock this morning.

The death of both is believed to have been almost instant according to Dr. William Wallis, Jr., county coroner, who held a view inquest over the bodies an hour later. No other form of inquest or investigation will be made.

Heard Quarrel, Then Shots.
Pearl Webb, a laborer, who with his wife had the one-room apartment adjoining on the south, was first to notify Sheriff Edwin Wallace.

He did not hear any words prior to the shooting nor hear the shots, he said, being asleep at the time, but Mrs. Webb did. In a statement to a Democrat-Forum reporter this morning, she said she had first heard the Beeks couple quarrelling several days ago.

A double glass-paned door separates the room occupied by the Webb family from that occupied by the Beeks family, but both families usually had curtains to screen the view. Just prior to the shooting last night, Mrs. Webb said Mr. Beeks withdrew the curtain from their side of the room.

Threatened to Poison Self.
"He then said to Mrs. Beeks, 'I'm getting tired of this life, and am going to take poison.'"

Mrs. Beeks said to have answered with an oath, "Well take it, and see if I care."

"Crossing the room," Mrs. Webb said, Beeks said to his wife, "If you have anything to say, say it quick!" Mrs. Webb said she heard no answer, but that a moment later two shots rang out in quick succession. A thud was heard, followed by the drop of the revolver and a heavier thud, as of a body.

"Fearing for my husband's safety, I detained him from giving any alarm. Being ill at the time, too, made me more fearful. I would have however, let him go, but I heard no groans, therefore thought neither were alive and medical aid would be useless."

Others Heard Shots.
Fred Claycomb, who, with his wife, lives in the room, adjoining the Beek apartment on the north, also heard the two shots about 11 o'clock last night he said. Mrs. John M. Keef, who with her husband, lives across the hall and some distance from the Beek's apartment, said she did not hear the shots, and knew nothing of the shooting until this morning.

When officers entered the Beeks apartment this morning they found her in a nightgown, lying on a sofa at the southwest corner of the room with her hands over her chest. A single shot had entered her skull, near the center of the apex of her skull. It had not emerged.

Beeks was lying almost in the center of the room with a bullet hole right back of the right ear. Neither had that bullet emerged. A 38-caliber revolver, with two empty shells, was found lying near Beeks, but unclipped by him. A pool of blood and part of the brain had trickled out on the floor and over the carpet.

Writes Letter Day Before.
Both bodies were cold when Coroner

Wallis arrived, indicating that neither had lived long after the shooting.

That a letter was written yesterday by Beeks is indicated by a conversation which Mrs. Webb says she heard between Beeks and his wife then. At that time he had asked for a sheet of paper and an envelope, Mrs. Webb said, and that Mrs. Beeks had answered her husband with several oaths, then told him where to find the paper and envelope.

A Cousin Lives Here.
At that time, Mrs. Webb said the couple quarreled and Mrs. Beeks threatened to leave Beeks.

More indications that the Beeks had quarreled and were going to separate was told this morning by W. R. Evans, 714 Mulberry street, whose wife is a cousin to Beeks. He said Beeks came to their house last Friday with a request that he secure board and rooms there, explaining that his wife was going to leave him and that she had taken all his money.

Married Here Last Fall.
Mr. and Mrs. Beeks, who both came from Shenandoah, Ia., were married here November 7, 1914. The license was granted by J. Arthur Wray, then county recorder. The marriage was performed by W. L. Johnson, justice of the peace. She gave her name as Mauida E. Vance, while he gave the name Albert G. Beeks.

They engaged the apartments in the Cox building, to which Mrs. Beeks had previously moved November 3, according to Sheriff Wallace and John B. Cox, proprietor.

Beeks is said to have moved from Ridgeway to Shenandoah several years ago, and there to have met Mrs. Beeks. He was employed on a farm near the home of Clarence Spurlock, step-father to Mrs. Beeks. He had been married before, but his first wife died, it is said. She also is said to have been married before.

Was of Good Character.
Max Burgin, meter reader in the city water department, was well acquainted with Beeks, having known him in Ridgeway. He said Beeks and his family had a good reputation in Ridgeway. It was Burgin's brother that married Beeks and his first wife.

In a telephone conversation this morning with the chief of police of Shenandoah by Chief of Police E. C. Moberly, the officers there said Beeks was unknown to them.

Edward Beeks, the suicide's brother at Ridgeway, was notified. He said he would arrive on the Wabash train here tonight and would take the body of Beeks back to Ridgeway for burial.

Held Bodies for Relatives.
Mr. Spurlock, step-father to the murdered woman, said he would arrive in Maryville this evening to take charge of Mrs. Beeks' body. It will be taken to Shenandoah for burial. Her mother is said to be living.

The bodies of both Mr. and Mrs. Beeks were removed to the morgue of Price & McNeal, awaiting the arrival of relatives.

Will Probably Be a Candidate.
A number of friends of Pat Dougan are urging him to become a candidate for alderman from the fourth ward.

Mr. Dougan was a member of the city council under the administration of J. C. Donnell as mayor.

Officials Admit Destruction of Four, While Long Absence of Others Indicates Same Fate.

By American Press.

London, March 11.—A Copenhagen dispatch to the Daily Mail says:

"It is reported in German naval circles that eleven German submarines have been lost since February 18, when the blockade against Great Britain was begun."

The loss of four of these has been officially admitted, while the absence of seven others for nearly three weeks indicates a like fate has befallen them.

British officials here have announced the loss of several German submarines by British and French ships since the blockade began, and is of the opinion the report from Copenhagen is correct.

PROBE SHIP LOSS

U. S. PROTESTS AGAINST GERMAN SINKING OF AMERICAN VESSEL.

MAY BE INTERNED SOON

Liner Prinz Eitel Friedrich Docks at Newport News With Prisoners Aboard—Says Officials.

Special to the Democrat-Forum.

Washington, March 11.—The arrival at Newport News of the German liner Prinz Eitel Friedrich, after sinking the American ship William P. Frye, off the South American coast, has aroused official Washington, and immediate action has been begun towards a probing of the matter.

In the absence of a detailed story of the sinking of the American ship, judgment was withheld, but there was no attempt to deny the seriousness of the incident. It was conceded that on its face it bears the appearance of an unfriendly act upon the part of a German ship of war which will result in diplomatic negotiations with the German government.

By American Press.

Newport News, Va., March 11.—At 9 o'clock this morning the German armed liner Prinz Eitel Friedrich had been in Hampton roads thirty-six hours and no signs of any intention to move had been shown. It put in here yesterday for coal and repairs, and unless it clears soon will be interned, officials intimated. It has war prisoners aboard.

British cruisers were indefinitely reported to be lurking off the Virginian capes, and boat men who delivered to officers of the German cruiser declared members of its crew had told him the Prinz Eitel Friedrich had been chased into American waters by British cruisers.

It is believed the German liner officials fear to clear from Newport News because of fear of capture by the British.

By American Press.

Newport News, Va., March 11, 3 p. m.—The German auxiliary cruiser Prinz Eitel Friedrich is awaiting instructions from the German embassy at Washington as to the next move to take. There seemed hardly a doubt that she would be interned. United States officers have gone to the German ship to get full details about the sinking of the American merchantman, William P. Frye off the South American coast.

SECTION FOREMAN

COMMITTS SUICIDE

S. A. PRICKETT, WABASH EMPLOYEE 12 YEARS, TAKES LIFE.

FAMILY AND MONEY

TROUBLES, THE CAUSE

Told Friends of Intention to End It All—Dies Half Hour After He Is Found.

Despondency over his family and money troubles is given as the reason for the suicide at 6:30 o'clock this morning of Swlthen A. Prickett, section foreman of the Wabash, who shot himself in the head, the shot causing his death about thirty minutes later.

Prickett had been employed for the past twelve years as section foreman, and lived in the section house, south of the Wabash passenger station. This morning he arose a little before 6 o'clock and went over to the tool house, remaining there at work about fifteen minutes. He returned to the house, stopped to speak a few words to his wife, and then went upstairs to his room. In a few moments his wife heard the shot and her sister, who was living with the family, hurried to the room and found Prickett lying on the floor, shot through the head. The bullet had entered his forehead just above the right temple.

Dr. W. M. Wallis, Jr., was summoned and reached the house a few moments before the wounded man died. A view inquest was held.

Mr. Prickett had been known to intimate suicide for several months. He was subject to extreme spells of melancholy, and at such times would tell his friends that he wanted to end his life.

Monday Mr. Prickett went into the Raines jewelry store, and in a conversation with J. E. Stewart, the watchmaker, said he feared something might happen to him. He made a similar remark to several of his friends during the week. This morning, when he left the house and on his return, he spoke to his wife in a despondent and threatening way, and said he intended to kill himself.

Mr. Prickett was twice married. His first wife was a Miss Dempsey, a sister of Mrs. J. E. Stewart of East Third street. She died a number of years ago. About five years ago he was married to Miss Zella Reynolds, who, with three young children, survive him.

Mr. Prickett was about 38 years old and had made his home in Maryville the most of his life. He is survived by his mother, two sisters and a brother. His mother and his brother-in-law and sister, Mr. and Mrs. Austin Smith of St. Joseph, arrived in Maryville at noon. No arrangements will be made for the funeral until the arrival of other relatives.

Mrs. Virginia Carter of Omaha, Neb., arrived in Maryville today to spend a few days visiting at the home of Mr. and Mrs. C. A. Aley.

FALLING HAIR MEANS DANDRUFF IS ACTIVE

Save Your Hair! Get a 25-cent Bottle of Danderine Right Now—Also Stops Itching Scalp.
Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

HARD TASK TO FEED STOCK.

What Farmers Have to Say About Weather—Means Wells and Creeks Went Dry.

The following is taken from the St. Joseph Stock Yards Journal:

Grant Downing, a prominent Nodaway county stockman, was at the stock yards with a load of cattle which sold

at satisfactory terms. Mr. Downing said that the stock showed a big shrink from driving over the roads or rather as he put it, where the roads were, to the railroad. "I wouldn't attempt to drive hogs to market," he said. "They would lose all of their flesh and half of them would get lost in the snow before we got thru. This snow, however, tho it may be inconvenient now,

will be worth a lot to farmers. I see the wells and creeks won't so dry next summer."

"You have to live in the country to realize the conditions out there at this time," declared Barney Dougan, a well known Nodaway county stockman, who was on the market with a load of hogs. "And even those who live on farms but do not feed stock don't know

what the feeders are up against. Most of the farmers in my neighborhood have cement feeding pens. Those who aren't fortunate enough to have these concrete pens have to feed the stock in the barns. You can't possibly feed in the open." Mr. Dougan said that conditions are the worst in 23 years, when it began raining about this time and didn't stop until the first of June 1,

FASHION FETE PLEAS

Haines Store Gives Novel Spring Style
Show—Big Crowd Attends.

The many questions which have been burning on feminine lips, as to what shall midday wear, were answered this afternoon at the Fashion Fete at the Haines dry goods store from 3:30 to 5:30 o'clock, when the very latest and most authentic styles were displayed on living models.

The interior of the store was dressed in festal array for the event. White trellis work twined with apple blossoms, was placed above the shelving and between the sections merchandise and garments on figurines were displayed. The center aisle of the store was cleared and the entire floor open to visitors. A promenade deck was arranged on the north side, above the show cases where the models exhibited the costumes a new one being shown every three minutes of the two hours.

During the time of the display, Mr. Harvey L. Haines, lecturer, setting forth briefly, the distinctive style points of the garment, the new colors and fabrics, and giving in general the leading features of the spring fashions. The fete opened with the six models who were the young women employees of the Haines store, on the platform at the same time, wearing negligee and boudoir gowns of crepe de chine, in the popular styles, including the mandarin and Japanese modes.

A continuous and changing display of afternoon and evening gowns, coats, suits, skirts and waists followed. With these were worn the daintiest of dress accessories. An added charm was given by the wearing of model spring hats obtained for the occasion from the local millinery stores.

Noticeable among the garments displayed were two exquisite gowns designed by Paul Poiret. One was of peach-blow "pussy willow" taffeta and the other of white taffeta faille. The new Nan-Dance skirt and the Tommy Atkins dress, whose popularity exceeds that of the Peter Thompson suits were especially attractive. Other extremely chic garments shown were spring coats in corduroy, Ottoman silk and chinchilla cloth, "Dolly Varden" gowns and "Pompadour" novel suspender frocks and skirts and several designs of soft lace waists.

The colors were of the new spring tones including Ranger and Newport tan, beach sand, the soft new rose that is rightly named "mountain glow" Gettysburg grey, Belgian blue and a score of other shades, every one with a charm of its own.

The store was crowded with visitors during the show. All business was suspended for the event which was one of the most attractive fashion affairs ever held in the city.

YOU will never know just how much real value you can get in a spring suit at \$25.00 until you have seen the beautiful assortment we have assembled at this popular price. Come today and see the new styles.

The styles differ materially from last season's. The tendency is strictly toward the tailored effects, which make for greater comfort and more artistic lines. The suit jackets and suit skirts have some sections cut more or less circular. These do not set out stiffly, but ripple gracefully with the fullness often at the sides. The flare in jackets is usually below the waistline. In some the waist line is slightly raised.

The Broad Way Leads to Goodyear Tires

Try it a little while. It has carried some 400,000 motorists to the haven of content. It is traveled by more users than has any other tire. That has been so for years.

We can't win you to Fortified Tires by asking you to try them. The tires themselves must win you.

But our plea is that you should try the tires that countless men found best. There must be a reason as you know, why Goodyears dominate like this. Last year men bought about one Goodyear for every car in use.

Men Like You

This Goodyear army is composed of men like you. They want quality, safety, endurance. They want trouble-saving and low cost per mile.

Goodyears best met these wants. They met them because they are Fortified Tires.

In five costly ways, employed by no other maker, they offer unique protection. They combat five troubles—rim-cuts, blowouts, loose treads, punctures and skidding—as is done in no other tire.

Price Reduction

On February 1st we made another big price reduction. That makes three reductions in two years, totaling 45 per cent.

Today Goodyears, more than ever before, offer you most for the money. They offer you the utmost possible in tires, measured

by cost per mile. Doesn't their top place prove that? The following Goodyear Service Stations will supply you:

and a third encourages local poultry associations.

Farmer assemblymen went on record early in the session that they would vote against any bill which sought to raise the salary of a state officer, yet the bill to increase Quisenberry's pay was carried by a vote of 112 to 9.

The "hawk and owl" bill permits county courts to pay a bounty of not to exceed 50 cents for the carcass of every chicken killing bird of prey, screech owls and sparrow-hawks being exempted.

The third poultry bill, by Representative Myers of Howell county, carries an appropriation of \$10,000 to be distributed among the regularly organized poultry associations and clubs of the state, not more than \$100 to go to any one organization in a year, the money to be used in paying premiums at poultry shows.

ALBERT BEEKS SLAYS WIFE, THEN KILLS SELF

Left Letter Telling of the Domestic Friction Which Resulted in Murder and Suicide— Wife Had Threatened to Leave, Husband Tells Cousin.

'LOVED HER BETTER THAN OWN LIFE, SO WILL END BOTH LIVES'

"Lived Together Happily Until Others Came Between," Dead Man Writes—Came Here Last November from Shenandoah and Were Married.

Maryville, Mo., March 10, 1915.
To the Maryville Tribune and to the People:

I met and married a girl by the name of Mandy Vance. I married her because I loved her, and I still love her better than my life. That is the reason why I will kill her and then kill myself. We got along happily together until I will end my life trouble with a bullet. I hope God will forgive my little wife. For myself, I guess I am lost. I have a brother living at Ridgeway, Mo. My wife's folks live at Shenandoah, Ia. Their name is Spurlock—Clarence Spurlock. My name is Albert G. Beeks. Good-bye friends.

A series of domestic troubles, in which infidelity of the wife appears to have played the leading part, ended at 11 o'clock last night, when Albert G. Beeks, 46 years old, shot his wife, 23 years old, to death, then killed himself in their one-room apartment on the second floor of the Cox building, No. 115 1/2 East Fourth street. The shots were heard by two families which have apartments adjoining, but neither notified either city or county authorities until 6 o'clock this morning.

The death of both is believed to have been almost instant according to Dr. William Wallis, Jr., county coroner, who held a view inquest over the bodies an hour later. No other form of inquest or investigation will be made.

Heard Quarrel, Then Shots.

Pearl Webb, a laborer, who with his wife had the one-room apartment adjoining on the south, was first to notify Sheriff Edwin Wallace.

He did not hear any words prior to the shooting nor hear the shots, he said, being asleep at the time, but Mrs. Webb did. In a statement to a Democrat-Forum reporter this morning, she said she had first heard the Beeks couple quarrelling several days ago.

A double glass-paned door separates the room occupied by the Webb family from that occupied by the Beeks family, but both families usually had curtains to screen the view. Just prior to the shooting last night, Mrs. Webb said Mr. Beeks withdrew the curtain from their side of the room.

Threatened to Poison Self.

"He then said to Mrs. Beeks, I'm getting tired of this life, and am going to take poison."

Mrs. Beeks is said to have answered with an oath, "Well take it, and see if I care."

"Crossing the room," Mrs. Webb said, Beeks said to his wife, "If you have anything to say, say it quick!" Mrs. Webb said she heard no answer, but that a moment later two shots rang out in quick succession. A thud was heard, followed by the drop of the revolver and a heavier thud, as of a body.

"Fearing for my husband's safety, I detained him from giving any alarm. Being ill at the time, too, made me more fearful. I would have however, let him go, but I heard no groans, therefore thought neither were alive and medical aid would be useless."

Others Heard Shots.

Fred Claycomb, who, with his wife, lives in the room, adjoining the Beek apartment on the north, also heard the two shots about 11 o'clock last night he said. Mrs. John M. Keef, who with her husband, lives across the hall and some distance from the Beek's apartment, said she did not hear the shots, and knew nothing of the shooting until this morning.

When officers entered the Beeks apartment this morning they found her in a nightgown, lying on a sofa at the southwest corner of the room with her hands over her chest. A single shot had entered her skull, near the center of the apex of her skull. It had not emerged.

Beeks was lying almost in the center of the room with a bullet hole right back of the right ear. Neither had that bullet emerged. A 38-caliber revolver, with two empty shells, was found lying near Beeks, but unclasped by him. A pool of blood and part of the brain had trickled out on the floor and over the carpet.

Writes Letter Day Before.

Both bodies were cold when Coroner

Wallis arrived, indicating that neither had lived long after the shooting.

That a letter was written yesterday by Beeks is indicated by a conversation which Mrs. Webb says she heard between Beeks and his wife then. At that time he had asked for a sheet of paper and an envelope, Mrs. Webb said, and that Mrs. Beeks had answered her husband with several oaths, then told him where to find the paper and envelope.

A Cousin Lives Here.

At that time, Mrs. Webb said the couple quarreled and Mrs. Beeks threatened to leave Beeks.

More indications that the Beeks had quarreled and were going to separate was told this morning by W. R. Evans, 714 Mulberry street, whose wife is a cousin to Beeks. He said Beeks came to their house last Friday with a request that he secure board and rooms there, explaining that his wife was going to leave him and that she had taken all his money.

Married Here Last Fall.

Mr. and Mrs. Beeks, who both came from Shenandoah, Ia., were married here November 7, 1914. The license was granted by J. Arthur Wray, then county recorder. The marriage was performed by W. L. Johnson, justice of the peace. She gave her name as Manda E. Vance, while he gave the name Albert G. Beeks.

They engaged the apartments in the Cox building, to which Mrs. Beeks had previously moved November 3, according to Sheriff Wallace and John B. Cox, proprietor.

Beeks is said to have moved from Ridgeway to Shenandoah several years ago, and there to have met Mrs. Beeks. He was employed on a farm near the home of Clarence Spurlock, step-father to Mrs. Beeks. He had been married before, but his first wife died, it is said. She also is said to have been married before.

Was of Good Character.

Max Burgin, meter reader in the city water department, was well acquainted with Beeks, having known him in Ridgeway. He said Beeks and his family had a good reputation in Ridgeway. It was Burgin's brother that married Beeks and his first wife.

In a telephone conversation this morning with the chief of police of Shenandoah by Chief of Police E. C. Moberly, the officers there said Beeks was unknown to them.

Edward Beeks, the suicide's brother at Ridgeway, was notified. He said he would arrive on the Wabash train here tonight and would take the body of Beeks back to Ridgeway for burial.

Hold Bodies for Relatives.

Mr. Spurlock, step-father to the murdered woman, said he would arrive in Maryville this evening to take charge of Mrs. Beeks' body. It will be taken to Shenandoah for burial. Her mother is said to be living.

The bodies of both Mr. and Mrs. Beeks were removed to the morgue of Price & McNeal, awaiting the arrival of relatives.

Will Probably Be a Candidate.

Officials Admit Destruction of Four, While Long Absence of Others Indicates Same Fate.

By American Press.

London, March 11.—A Copenhagen dispatch to the Daily Mail says:

"It is reported in German naval circles that eleven German submarines have been lost since February 18, when the blockade against Great Britain was begun.

The loss of four of these has been officially admitted, while the absence of seven others for nearly three weeks indicates a like fate has befallen them.

British officials here have announced the loss of several German submarines by British and French ships since the blockade began, and is of the opinion the report from Copenhagen is correct.

PROBE SHIP LOSS

U. S. PROTESTS AGAINST GERMAN SINKING OF AMERICAN VESSEL.

MAY BE INTERNED SOON

Liner Prinz Eitel Friedrich Doeks at Newport News With Prisoners Aboard—Stirs Officials.

Special to the Democrat-Forum.

Washington, March 11.—The arrival at Newport News of the German liner Prinz Eitel Friedrich, after sinking the American ship William P. Frye, off the South American coast, has aroused official Washington, and immediate action has been begun towards a probing of the matter.

In the absence of a detailed story of the sinking of the American ship, judgment was withheld, but there was no attempt to deny the seriousness of the incident. It was conceded that on its face it bears the appearance of an unfriendly act upon the part of a German ship of war which will result in diplomatic negotiations with the German government.

By American Press.

Newport News, Va., March 11.—At 9 o'clock this morning the German armed liner Prinz Eitel Friedrich had been in Hampton roads thirty-six hours and no signs of any intention to move had been shown. It put in here yesterday for coal and repairs, and unless it clears soon will be interned, officials intimated. It has war prisoners aboard.

British cruisers were indefinitely reported to be lurking off the Virginian capes, and boat men who delivered to officers of the German cruiser declared members of its crew had told him the Prinz Eitel Friedrich had been chased into American waters by British cruisers.

It is believed the German liner officials fear to clear from Newport News because of fear of capture by the British.

By American Press.

Newport News, Va., March 11, 3 p. m.—The German auxiliary cruiser Prinz Eitel Friedrich is awaiting instructions from the German embassy at Washington as to the next move to take. "There seemed hardly a doubt that she would be interned. United States officers have gone to the German ship to get full details about the sinking of the American merchantman William P. Frye off the South American coast.

SECTION FOREMAN COMMITS SUICIDE

S. A. PRICKETT, WABASH EMPLOYEE 12 YEARS, TAKES LIFE.

FAMILY AND MONEY TROUBLES, THE CAUSE

Told Friends of Intention to End It All—Dies Half Hour After He Is Found.

Despondency over his family and money troubles is given as the reason for the suicide at 6:30 o'clock this morning of Swithen A. Prickett, section foreman of the Wabash, who shot himself in the head, the shot causing his death about thirty minutes later.

Prickett had been employed for the past twelve years as section foreman, and lived in the section house, south of the Wabash passenger station. This morning he arose a little before 6 o'clock and went over to the tool house, remaining there at work about fifteen minutes. He returned to the house, stopped to speak a few words to his wife, and then went upstairs to his room. In a few moments his wife heard the shot and her sister, who was living with the family, hurried to the room and found Prickett lying on the floor, shot through the head. The bullet had entered his forehead just above the right temple.

Dr. W. M. Wallis, Jr., was summoned and reached the house a few moments before the wounded man died. A view inquest was held.

Mr. Prickett had been known to intimate suicide for several months. He was subject to extreme spells of melancholy, and at such times would tell his friends that he wanted to end his life.

Monday Mr. Prickett went into the Raines jewelry store, and in a conversation with J. E. Stewart, the watchmaker, said he feared something might happen to him. He made a similar remark to several of his friends during the week. This morning, when he left the house and on his return, he spoke to his wife in a despondent and threatening way, and said he intended to kill himself.

Mr. Prickett was twice married. His first wife was a Miss Dempsey, a sister of Mrs. J. E. Stewart of East Third street. She died a number of years ago. About five years ago he was married to Miss Zella Reynolds, who, with three young children, survive him.

Mr. Prickett was about 38 years old and had made his home in Maryville the most of his life. He is survived by his mother, two sisters and a brother. His mother and his brother-in-law and sister, Mr. and Mrs. Austin Smith of St. Joseph, arrived in Maryville at noon. No arrangements will be made for the funeral until the arrival of other relatives.

Mrs. Virginia Carter of Omaha, Neb., arrived in Maryville today to spend a few days visiting at the home of Mr. and Mrs. C. A. Aley.

FALLING HAIR MEANS
DANDRUFF IS ACTIVE

Save Your Hair! Get a 25-cent Bottle
of Danderine Right Now—Also
Stops Itching Scalp.

Thin, brittle, colorless and scraggy
hair is mute evidence of a neglected
scalp; of dandruff—that awful scurf.
There is nothing so destructive to
the hair as dandruff. It robs the hair
of its lustre, its strength and its very
life; eventually producing a feverish-
ness and itching of the scalp, which
if not remedied causes the hair roots
to shrink, loosen and die—then the
hair falls out fast. A little Danderine
tonight—now—any time—will surely
save your hair.

Get a 25-cent bottle of Knowlton's
Danderine from any drug store or
toilet counter, and after the first ap-
plication your hair will take on that
life, lustre and luxuriance which is so
beautiful. It will become wavy and
fluffy and have the appearance of
abundance; an incomparable gloss
and softness, but what will please you
most will be after just a few weeks' use,
when you will actually see a lot
of fine, downy hair—new hair—growing
all over the scalp.

HARD TASK TO FEED STOCK.

What Farmers Have to Say About
Weather—Means Wells and Creeks
Went Dry.

The following is taken from the St.
Joseph Stock Yards Journal:
Grant Downing, a prominent Noda-
way county stockman, was at the stock
yards with a load of cattle which sold

at satisfactory terms. Mr. Downing
said that the stock showed a big shrink
from driving over the roads or rather
as he put it, where the roads were, to
the railroad. "I wouldn't attempt to
drive hogs to market," he said. "They
would lose all of their flesh and half
of them would get lost in the snow
before we got thru. This snow, how-
ever, tho it may be inconvenient now,

will be worth a lot to farmers. I see
the wells and creeks won't go dry
next summer."

"You have to live in the country to
realize the conditions out there at
this time," declared Barney Dougan, a
well known Nodaway county stockman,
who was on the market with a load of
hogs. "And even those who live on

FASHION FETE PLEASURES

Haines Store Gives Novel Spring Style Show—Big Crowd Attends.

The many questions which have been burning on feminine lips, as to what shall midday wear, were answered this afternoon at the Fashion Fete at the Haines dry goods store from 3:30 to 5:30 o'clock, when the very latest and most authentic styles were displayed on living models.

The interior of the store was dressed in festive array for the event. White tulle work twined with apple blossoms, was placed above the shelving and between the sections merchandise and garments on figurines were displayed. The center aisle of the store was cleared and the entire floor open to visitors. A promenade deck was arranged on the north side, above the show cases where the models exhibited the costumes a new one being shown every three minutes of the two hours.

During the time of the display, Mr. Harvey L. Haines, lecturer, setting forth briefly, the distinctive style points of the garment, the new colors and fabrics, and giving in general the leading features of the spring fashions. The fete opened with the six models who were the young women employees of the Haines store, on the platform at the same time, wearing negligee and boudoir gowns of crepe de chine, in the popular styles, including the mandarin and Japanese modes.

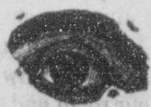

A continuous and changing display of afternoon and evening gowns, coats, suits, skirts and waists followed. With these were worn the daintiest of dress accessories. An added charm was given by the wearing of model spring hats obtained for the occasion from the local millinery stores.

Noticeable among the garments displayed were two exquisite gowns designed by Paul Poiret. One was of peach-blow "pussy willow" taffeta and the other of white taffeta faille. The new Nan-Dance skirt and the Tommy Atkins dresses, whose popularity exceeds that of the Peter Thompson suits were especially attractive. Other extremely chic garments shown were spring coats in corduroy, Ottoman silk and chinchilla cloth, "Dolly Varden" gowns and "Pompadour" novel suspender frocks and skirts and several designs of soft lace waists.

The colors were of the new spring tones including Ranger and Newport tan, beach sand, the soft now rose that is rightly named "mountain glow" Gettysburg grey, Belgian blue and a score of other shades, every one with a charm of its own.

The store was crowded with visitors during the show. All business was suspended for the event which was one of the most attractive fashion affairs ever held in the city.

To The Woman Who Wants A Stylish Spring Suit at \$25.00

YOU will never know just how much real value you can get in a spring suit at \$25.00 until you have seen the beautiful assortment we have assembled at this popular price. Come today and see the new styles.

The styles differ materially from last season's. The tendency is strictly toward the tailored effects, which make for greater comfort and more artistic lines. The suit jackets and suit skirts have some sections cut more or less circular. These do not set out stiffly, but ripple gracefully with the fullness often at the sides. The flare in jackets is usually below the waistline. In some the waist line is slightly raised.

The materials employed are Coverts, Box Poptins, Serges and Poptins in Putty, Sand, Navy, Labrador Blue and Black. Many collars have a detachable second collar of pique, white or barred with colors.

The Broad Way Leads to Goodyear Tires

Try it a little while. It has carried some 400,000 motorists to the haven of content. It is traveled by more users than has any other tire. That has been so for years.

We can't win you to Fortified Tires by asking you to try them. The tires themselves must win you.

But our plea is that you should try the tires that countless men found best. There must be a reason as you know, why Goodyears dominate like this. Last year men bought about one Goodyear for every car in use.

Men Like You

This Goodyear army is composed of men like you. They want quality, safety, endurance. They want trouble-saving and low cost per mile.

Goodyears best met these wants. They met them because they are Fortified Tires.

In five costly ways, employed by no other maker, they offer unique protection. They combat five troubles—rim-cuts, blowouts, loose treads, punctures and skidding—as is done in no other tire.

Price Reduction

On February 1st we made another big price reduction. That makes three reductions in two years, totaling 45 per cent.

Today Goodyears, more than ever before, offer you most for the money. They offer you the utmost possible in tires, measured by cost per mile. Doesn't their top place prove that? The following Goodyear Service Stations will supply you:

and a third encourages local poultry associations.

Farmer assemblymen went on record early in the session that they would vote against any bill which sought to raise the salary of a state officer, yet the bill to increase Quisenberry's pay was carried by a vote of 112 to 9.

The "hawk and owl" bill permits county courts to pay a bounty of not to exceed 50 cents for the carcass of every chicken killing bird of prey, screech owls and sparrow-hawks being exempted.

The third poultry bill, by Representative Myers of Howell county, carries an appropriation of \$10,000 to be distributed among the regularly organized poultry associations and clubs of the state, not more than \$100 to go to any one organization in a year, the money to be used in paying premiums at poultry shows.
